IN REPLY REFER TO:

Mr. Harold Weisberg
Coq d'Or Press
Hyattstown, Maryland 20734

Dear Mr. Weisberg:

Dr. James Humes examined the photographs and x-rays of the autopsy of President John F. Kennedy shortly after they were delivered to the custody of the National Archives and Records Service for the sole purpose of assisting the Government in their identification and authentication. Neither the Columbia Broadcasting System or any of its agents has examined these materials. The access conditions under which we accepted these materials have in no sense been violated.

You have already been shown all drafts and notes relating to the autopsy report that are in our custody.

Sincerely yours,

Robert H. Bahmer
